The lovers of base ball will have a chance to witness the last game of the season at Louisville next Sunday, as an excursion train will run from this city for that purpose. The St. Louis and Louisville Clubs will be the contestants.

Bids for the construction of two miles of the Frankfort, St. John's and Jacksonville Turnpike will be received until the first day of September. Plans and specifications can be seen on application to Mr. F. P. Lewis, in Belle Point, with whom bids may be left.

The Henry County Local of this Hon. week publishes a letter written by Henry Clay on the 3d of July, 1844, when he was a candidate for President to Mr. Thos. Rodman and others in response to an invitation to attend an old-fashioned barbecue given by the Whigs of Henry county at New Castle.

Grand Patriarch R. G. Elliott, of Lexington, accompanied by twelve Patriarchs from that city, came down Wednesday evening and organized a Degree Encampment of Odd Fellows in this city. Great interest is manifest just now in the higher degrees of Odd Fellowship among our citizens, and Oriental Encampment is kept busy conferring degrees. About thirty of the Patriarchs have uniformed themselves and drill once or twice a week. The new organization was named Berry Degree Camp, No. 6, in honor of Mr. Hiram Berry, of this city, and the following gentlemen elected as officers:

J. B. Williams, Commander.
Albert Chilson, Vice Commander.
W. S. Dehoney, Secretary.
N. F. Richardson, Treasurer.
Gus. Shafer, Officer of Guard.
C. A. Nelson, Picket.
D. H. Pfifer, Standard Bearer.
Sam J. Shea, Right Standard Bearer.
Lee A. Owens, Left Standard Bearer.
Geo. W. Reock, Guard of Tent.

Capt. D. A. Murphy, the retiring Superintendent of the Government building in this city, has forwarded the following letter to the supervising architect of the U. S. Treasury Department. Every citizen will endorse every word of it, and will thank Capt. Murphy for this and his past efforts to secure the early completion of the building.

Office of U. S. COURT-HOUSE AND POST-OFFICE BUILDING,
FRANKFORT, KY., August 20th, 1885.
Hon. M. E. Bell, Supervising Architect, U. S. Treasury Department.

Sir: The citizens of Frankfort are exceedingly anxious that the Department shall give their Public Building, finished and furnished, within the next four months. The Legislature of Kentucky will meet at Frankfort on December 31st, 1885, and the building should be completed if possible, and the Post-office moved into it one week before that time. The plasterer now has on 2 of the 3 coats in all stories; the plumber and assistant are hard at work; and the hot water heating apparatus is being fixed in position. The contracts for the inside carpenter work and for marble tiling, marble and grates, if awarded now and pushed with vigor, can be completed inside of three months. This would leave one month for painting and cleaning, and the Post-office could be moved into the new building on Christmas day. Meanwhile, pavements, iron fence, and retaining stone wall can be completed without delaying any other contractor. All of this can be done; it ought to be done; and therefore, I trust it will be done.

Very respectfully,
DAVID A. MURPHY, Snr't.

Persons having houses to rent would do well to call at this office and let it be known. We now have two applications for houses from two good tenants.

The pump on Main street, in front of L. B. Marshall's, has received some much needed attention. The seepage from the gutter has been shut out, the wall cemented, and it is now probable that those of us in the centre of the city who have to send several squares for drinking water can get a bucket full nearer home occasionally.

Miss Katie Putnam, the greatest favorite of our amusement loving public, will visit this city again on Friday night, the 28th inst., and make her appearance at the Opera House, supported by a first-class company. The play for that night is not yet announced but will be one of her best pieces. Secure your seats at Barrett's, for there will be a crowded house.

Miss Lizzie Evans had a fair audience at the Opera House Tuesday to witness the rendition of *Foreste*, the Fern Vender. She was the same bright little fairy of two years ago, and delighted the audience by her acting. Her support was very good, but the intervals between the acts were so long that the audience became weary before the play was half over. She certainly should have crowded houses.

Some workmen engaged in repairing the county road near the mouth of Glens Creek last week, unearthed an Indian pipe which was buried some five or six feet beneath the original surface of the ground. It is made of red sandstone, of the kind most highly prized by the Indians, 'is remarkably well preserved, and is a smooth and pretty piece of work. Judge R. A. Thompson has secured it for his collection of curiosities at the Court-house.

The Spring Hill Gun Club were again defeated by the Lexington Club in that city Tuesday, by the close score of 240 to 238. The targets were clay pigeons. Following is the score:

LEXINGTON.		FRANKFORT.	
P. A. Harrison	211	R. Morris	25
D. Jeffrey	22	R. P. Pepper, Jr.	25
D. H. Berr	27	Geo. L. Payne	23
M. G. O'Neil	23	Dr. J. L. Price	23
E. H. Bacon	27	Dr. E. E. Hume	23
C. E. Herr	23	W. S. Safe	20
P. C. Thompson	24	The Mastin	20
S. J. B. Taylor	27	F. Berry	23
Speed Goodloe	27	Kenner Thomas	23
Total	240	Total	238

The Lexington Club had the advantage in the use of five ten-gauge guns to our boys two and in the trapping. Another match will probably be shot here next week.

"Crossed Man in Alabama."

"De crossed man in Alabama lives dar," said the driver as we approached a wayside home, near Selma, Ala., to ask accommodations for the night. At supper, and after it, "mine host" sorrowed at every one, found fault with every thing earthly, and I was wondering if he would not growl if the heavenly halo didn't fit him, when incidental mention being made of the comet of 1882, he said: "I didn't like its form, its tail should have been fan shaped!"

But, next morning, he appeared half-offended at our offering to pay for his hospitality! My companion, however, made him accept as a present a sample from his case of goods. Six weeks later, I drew up at the same house. The planter stepped lightly from the porch, and greeted me cordially. I could scarcely believe that this clear complexioned, bright-eyed, animated fellow, and the morose being of a few weeks back, were the same. He inquired after my companion of the former visit and regretted that he was not with me. "Yes," said his wife, "we are both much indebted to him." "How?" I asked, in surprise. "For this wonderful change in my husband. Your friend, when leaving, handed him a bottle of Warner's safe cure. He took it, and two other bottles, and now—" "And now," he broke in, "from an ill-feeling, growling old bear, I am healthy and so cheerful my wife declares she has fallen in love with me again!"

It has made over again a thousand love matches, and keeps sweet the tempers of the family circle everywhere—

Testimony of Judge C. F. Lynch.

I was a sufferer for twenty years with tetter, covering my entire person. It was exceedingly painful and annoying. I tried every known remedy within reach, but to no permanent profit. My health became wrecked. The doctors could help me, but could not cure me, and under the old time treatment the disease continued to grow worse and the itching became almost unbearable. I read the statement of Mr. Lewis Lee as to what Swift's Specific had done for him in a case of tetter, and I concluded that it might help me. I commenced its use; the sores have all dried up, and the skin of my body has smoothed off and I am in better health than I ever was, and there is not a vestige of the disease left, save a few blotches on one of my hands, and they are rapidly disappearing. Swift's Specific is the greatest medicine in the world. It has brought me relief after twenty years of suffering. It is the best blood purifier I have ever used, and most cheerfully commend it to the suffering.

FRANKFORT, AUGUST 22, 1885.

We suppose our city will be overrun with excursionists to-morrow. An excursion train will be run from Newport over the Short-Line and the regular Sunday train will bring up a large number from Louisville.

There is great complaint about the new Court House bell. Its voice is so very weak that the striking of the town clock can hardly be heard on the South Side of the river. To succeed the old bell, which had a magnificently clear tone, it should certainly have been selected with a view to being heard at a great distance. When cold weather comes and the houses are closed up it will be almost impossible to hear the clock strike four or five squares away. We have already heard several gentlemen express their willingness to subscribe towards purchasing a new one.

Work on the reservoir has not yet been resumed. The contract was let in Louisville on Thursday to Messrs. Shanks & Co., of that city, and it is to be hoped will soon be pushed to completion. In our last issue we made several errors in speaking of the matter, but it was owing to the fact that we were misinformed. The attachment of Messrs. C. R. Mason & Co. was but for \$450, and was taken out before the death of Mr. Ward, one of the contractors, while the amount due the contractors was \$4,250.20. This money had not been paid at that time to the surviving member of the firm of Snyder & Ward, who have been doing the work, nor to his agent during his absence. All the money due not covered by attachments was paid over by the Company to Mr. J. T. Staten, agent for Mr. Snyder, yesterday morning, which enabled Mr. Staten to pay off the hands for the time he had guaranteed them their wages.

Mrs. W. J. Lewis and her sister, Miss Ella Wallace, started to this city from their home near Woodlake, Tuesday morning, in a buggy, driving an old family horse that was considered safe. When about a half mile from home the horse fell down, a thing he never did before, and in getting up he got one of the shafts between his forelegs, which caused him to rear and plunge and back the buggy over a steep bank on the side of the road. Both ladies succeeded in getting out in time to save themselves injury but had their clothing badly torn. In its struggles to free itself the horse fell again with its head down the bank in such a position it could not get up, and laid there until Miss Wallace ran a half mile to the shop of Mr. J. H. Burdin for assistance. The buggy was badly wrecked and the ladies so much frightened that they will hardly start out again without one of the male persuasion, no matter how safe the horse.

During the Lexington Fair next week, from Tuesday until Saturday inclusive, the freight train leaving here at 4:50 a. m. will have a passenger coach attached for the accommodation of those wishing to attend the Fair, and the freight train leaving Lexington at 7:45 p. m. and arriving at Frankfort at 10:30 p. m. will also carry a passenger coach attached between Lexington and this city for passengers returning from the Fair.

Wm. McGee was passing the house of Charles Snell, who lives up the railroad about a mile from the city, Sunday afternoon, when he was attacked by Snell's dogs. He drew his pistol and began firing at them, and during the firing one ball struck Snell in the hip, inflicting a painful wound. McGee was arrested, had an examining trial before Squires McDonald and Bohannon Wednesday and was held over to the Circuit Court in the sum of \$200 on the charge of shooting with intent to kill. As he failed to give bond he was sent to jail.
